

## TEACH

Empowering Gen NOW

October 25, 2025

Dr. Carmina Chapp

### Questions for discussion:

- 1) Consider the variety of worldviews presented. Are there any aspects of your own worldview that still need to be transformed to a Catholic Biblical-Sacramental worldview?
- 2) Witness makes the teacher credible. Consider a moment of witness to the saving power of Christ in your life, a time when you repented and believed the Gospel. What presuppositions of yours changed as a result of that experience? How has that experience contributed to your ability to a) learn the faith, and b) teach the faith to others?
- 3) How has your participation in the sacramental life of the Church empowered you to live the life of faith? Where have you seen grace at work in your life and your ministry?
- 4) Reflecting on your personal encounter with Jesus Christ, What were the key moments, people, or environments that helped facilitate that experience? How might you intentionally create similar opportunities for encounter in the lives of young people today?
